

I listen to KLOVE every single day. As a resident of the local community, I believe that this radio station should be able to stay on air so that avid listeners like me will be able to enjoy their favorite radio station. If K-LOVE were to be displaced by an LBFM broadcaster I would be certain that I would not listen to it because it would not bring the same benefits that K-LOVE does. The service provided by K-LOVE is in the public interest because it brings a positivity that is so desperately needed in our negative world. Why get rid of something that is benefiting the world and encouraging the people that listen to it? Please reconsider taking this amazing radio station off of the air. Thank you.
